

# 2.5G/10G PoE/Ethernet Switch

## R&D Advantage

We have a large technical service team composed of 40 engineers, can provide OEM/ODM product customization, software function customization and other technical support. We are able to provide remote technical operation support within 24 hours, after-sales technical support such as real-time technical issues, video conferences, etc.

# Why choose HRUI ?

## Product Quality and Reliability

With Advanced Manufacturing Processes and quality testing all in Shenzhen, HRUI is being the approved vendor supplying switches to many OEM/ODM/JDM brand customers around the world.

## Factory Capability and Capacity

ISO9001/14001/45001 Manufacturing Lines; Capacity of over 2 Million pcs of switches per year. Qualified by lots of world famous brand customers, and audited by CE/Anatel/UL.

## Networking Product Development

>40 R&D personnel, >60 Switch SKUs developed per year, >10 years of experiences in developing networking switches and firmwares.

## Can Pass Regulatory Certificates

Capable of getting major regulatory certificates (CE, FCC,UL, CB, KC, ANATEL, etc.)
